

AIR CARGO GLOBAL

For our office in Kelsterbach near by Frankfurt am Main/ Airport, we are looking for a

CAMO Engineer (m/f/d)

In this position you have the following tasks:

- Scheduling and preparing all short-term maintenance events, including issuing related work orders
- Initiating the on-time planning of every line maintenance check according to relevant Maintenance Forecast and the actual hangar visit schedule resulting in a work package for each individual check
- Ensuring that all required scheduled and unscheduled maintenance is accomplished in due time and all information is updated in necessary systems
- Monitoring the due dates of work orders and scheduled events and ensuring that non-compliances revealed during Quality audits will be rectified before due date
- Daily communication with the ordered MRO and Flight Crews
- 24/7 standby duty / flight watch
- Closely cooperating with MRO personnel and internal teams (Logistics, Purchasing)

Requirements:

- Have a higher education in aeronautic engineering or a related field
- Have maintenance system knowledge (AMOS, OASES or other)
- Have experience in airline maintenance activities
- Speak fluent German and very good English
- Be flexible, communicative & cooperative
- Be a self-mover with good organization skills
- Knowledge of aeronautical regulations – PART-145, PART-M, PART-66, etc. will be an advantage

We look forward to receive your application documents including possible start date, preferably by email to Ulrike.Kloepfelt@acg-air.com
